

Worcester Animal Rescue League Foster Home Application

The purpose of our Foster Program is to find temporary homes for animals with special needs such as kittens with or without their mothers; injured cats and dogs; and animals that cannot cope with being in a shelter. An additional purpose of the Foster Program is that it allows WARL to expand its capacity to take in animals when our cages and kennels are full. The most important question to ask yourself before filling out this application is: Can you emotionally deal with returning a foster animal for adoption or the very rare occasion when a foster animal dies? If your answer is yes, thank you for your generosity and compassion to offer a shelter animal a temporary safe haven until it finds its forever home.
